

## **Stagecoach with 4 Horses**

Year: 2019

This sculpture is a bronze cast stagecoach with four horses. It was created over 6 months in 2019 as a tribute to the Western culture exemplified by Calgary and Alberta.

It is a 1:18 scale Concord style stagecoach from the 1850's that is a recognizable symbol of the Old West.

The coach and horses were cast in silicon bronze and given a liver of sulphur patina. The stagecoach wheels and boxes and horse harness were cast in yellow brass. The coach steps were cast with white bronze.

The stagecoach can be detached from the horses. The coach doors open and the stagecoach wheels turn. The boxes on top can be opened as can the box on the back of the coach.

The piece is set on 2.5 inch thick Santos Rosewood.
